Bath College offers a variety of foundation courses for young adults with learning difficulties across both their City Centre and Somer Valley campuses.

- Students will have the choice between a variety of full time foundation courses to complete over one - three years, depending on the course and student.
- Courses such as: Life & Independent Living Skills and Pathways to Adulthood,
- All courses are designed to develop independence skills.
- Each student will receive individualised targets based on their EHCP outcomes.
- There is an option for students to work towards their Functional Skills Maths and English qualifications while studying a course.
